Musical Instruments Vocabulary

Complete the activity.

1. __________ A high-pitched woodwind instrument; a slender tube closed at one end with finger holes on one end and an opening near the closed end across which the breath is blown

2. __________ A brass musical instrument with a brilliant tone; has a narrow tube and a flared bell and is played by means of valves

3. __________ A keyboard instrument that is played by depressing keys that cause hammers to strike tuned strings and produce sounds

4. __________ A percussion instrument consisting of a metal bar bent in the shape of an open triangle

5. __________ The lowest brass wind instrument

6. __________ A single-reed woodwind with a conical bore

7. __________ A large stringed instrument; seated player holds it upright while playing

8. __________ A brass instrument consisting of a long tube whose length can be varied by a U-shaped slide

9. __________ A percussion instrument consisting of a concave brass disk; makes a loud crashing sound when hit with a drumstick or when two are struck together

10. __________ A percussion instrument consisting of a metal plate that is struck with a softheaded drumstick
11. ___________ Bowed stringed instrument that is the highest member of the violin family; this instrument has four strings and a hollow body and an unfretted fingerboard and is played with a bow

12. ___________ A stringed instrument usually having six strings; played by strumming or plucking

13. ___________ A single-reed instrument with a straight tube

14. ___________ An electronic instrument (usually played with a keyboard) that generates and modifies sounds electronically and can imitate a variety of other musical instruments

15. ___________ A musical percussion instrument; usually consists of a hollow cylinder with a membrane stretched across each end

16. ___________ A slender double-reed instrument; a woodwind with a conical bore and a double-reed mouthpiece

17. ___________ A brass instrument without valves; used for military calls and fanfares

18. ___________ A chordophone that has a triangular frame consisting of a sounding board and a pillar and a curved neck; the strings stretched between the neck and the soundbox are plucked with the fingers

19. ___________ Wind instrument whose sound is produced by means of pipes arranged in sets supplied with air from a bellows and controlled from a large complex musical keyboard
