

# Sharks

Sharks are carnivores. They eat other fishes, crustaceans, molluscs, marine mammals, and other sharks. Hammerhead sharks prefer to eat stingrays. Bull sharks prefer crabs and lobster. Sharks hunt for prey alone and in schools.

1. Sharks are \_\_\_\_\_.
2. Hammerhead sharks like to eat \_\_\_\_\_.
3. Bull sharks prefer \_\_\_\_\_ and \_\_\_\_\_.
4. Do sharks eat other sharks?      Yes    or    No
