Name: 
Date: 
Whale Challenge

Complete the multiple choice activity.

1. One of the lobes of a whale's tail  

2. Group of mammals that include whales, dolphins and porpoises  

3. Jumping high out of the water, slapping the water as they come back down  

4. The whale sticks its tail out of the water, swings it around and slaps it on the surface of the water  

5. Predators that use their peg-like teeth to catch fish, squid, and marine mammals, swallowing them whole  

6. The biggest whale - grows to about 94 feet long  

7. When a whale lies still at the surface of the water, resting, with its tail hanging down  

8. Makes the longest seasonal migration, traveling about 12,500 miles each year  

9. The whale pokes its head out of the water and turns around  

10. Predators that use a comb-like structure to filter food from the water
